Subject: Re: Michelle P. wants some bullets on PH in the Strategic Plan

Deb - I don't think the RI will be completed in the fiscal year 2013, but will be completed in calendar year 2013. The FS issues and a majority of the FS revision (if not the entire document) should also be completed in calendar year 2013.

This request came in through Alanna earlier this week. I took what Alanna wrote and revised as shown below. Since you are both out today, I'm sharing this with Lori Cohen this afternoon and discussing the items and dates with her because Andrea Westenberger needs a response today. If you have any heartburn over the dates and what these mean, let's talk EARLY on Monday morning so we can get revisions to her.

- Portland Harbor (C)
 - o Complete the draft final Baseline Human Health Risk Assessment by the end of fiscal year 2013.
 - o Complete the draft final Base Line Ecological Risk Assessment by the end of fiscal year 2013.
 - o Complete the draft final Remedial Investigation Report by the end of fiscal year 2013.
 - o Complete the Triangle Park Removal Action by the end of 2013. Approximately 4 upland acres will be cleaned up under this project.
 - o Identify and participate in environmental justice community involvement activities and/or target training to provide background, site status, and health risk concerns to underrepresented communities by fourth quarter of fiscal year 2013.
 - o Issue answers to community questions concerning location and design features of

possible confined disposal facilities identified

in the Portland Harbor Feasibility Study.
